MOVING? LET US KNOW!

When you're in the process of buying, selling, or renting a property, it is important to contact your electric utility provider.

We need to hear from both the buyer and seller at least a week before the change of service to ensure a smooth transfer of electricity. The same is true for renters - we need to hear from those moving out and those moving in.

If we don't hear from both parties, this may cause a slight delay in the transfer of service.

New members can call our office at **1-800-236-2141** or visit sre.coop/new-services-article to complete their membership application. SREC completes a soft credit check on all new members. A deposit or prepaid meter may be required. Failure to complete a membership application may temporarily interrupt service until the necessary paperwork is completed.

If you have any questions regarding this process, please give us a call.

We are proud to be your electric utility provider and are happy to have you on our lines.

YOUTH LEADERSHIP CONFERENCE

UW-STOUT CAMPUS
JULY 16-18

BY-TEENS, FOR-TEENS

PARTICIPATE

in fun, hands-on, educational activities

DISCOVER

your leadership skills, and the purpose/value of cooperatives

Lucas Ritchie

Lineworker

Years of Service - 16 years

Family - Meegan, Wife of 17 years.

Hobbies - Snowmobiling, hunting, golfing, and playing drums in two bands – Hammer Down and Triple Play.

HAPPY Mother's DAY

Wishing all mothers a bright and beautiful Mother's Day.

RIGHT-OF-WAY MAINTENANCE NOTES

Badgerland Utility Solutions will be wrapping up testing poles in the Crawford County townships of Freeman, Seneca, and Haney. Underground maintenance will start in all townships in Crawford County during the month of May.

Zielie's Tree Service will be trimming on the Fennimore Substation (east, south, and west circuits) in Grant County during the month of May.

It is important for SREC to maintain its rights-of-way for the following reasons:

- Accessibility for field crews, vehicles and equipment
- Fire prevention
- Reliable electric service
- Quality service with the reduction of outages and blinks
- Safety for workers and the public
- Meeting state and federal code requirements

On a daily basis, SREC employees and contractors may be working throughout the area, and at times on your property, to operate and maintain the electric system and our rights-of-ways. If you have questions, please contact us at 800-236-2141.

Safety Tip

Overloading extension cords or power strips means they can overheat and cause fires. Do not overburden them by plugging in appliances that consume more watts than the strips or cords can handle. If any part of the extension cord or power strip is hot while in use, it might be overloaded.
